Forest FRIENDS

In this 10th edition of Fun Amigurumi Magazine, you'll find lots of forest friends. How about the naughty forest angel Jessica, who features the cover of this edition? Or crochet the dung beetle, an underestimated but beautiful insect with quite some skills.

Would you like to start with something small? Crochet the fun airplanes! And for the little ones, you can crochet the sweet rattle toy for the stroller or the granny doll, which will keep your (grand)child entertained while shopping.

Another great gift would be the doctor bag. An extensive set for children to play doctor with. Besides the bag, it features a stethoscope, a syringe, a pill packet, bandages, capsules, band-aids, and of course a doctor's hammer. This is an all time favorite, that's for sure!

Have fun crocheting!

Crochet through both layers of granny's: 1 ch, crochet sc all around until there are 3 stitches left in front of the pin, crochet 2 sc in every 2nd sc of the corner. Fasten off. body, one part against the back panel and the other part angled downwards. Allow the legs to touch the ground and bend them if necessary. Secure it with small stitches. If you put the hairy side out, you get a dark beetle, if you put it on the inside, it becomes a light-colored beetle. Please note: do not cut the long gray thread as it can be used for the antennae.

EYES

Place the eyes with the blue edge facing up on Rnd 3-7, with 4 stitches in between on Rnd 3 and 6 stitches in between on Rnd 6. Secure the eyes with the white thread. Please note: do not cut the long gray thread as it can be used for the antennae **10**.

ANTENNAE (2 X)

Pull a thread from the legs if you have any yarn left. Otherwise, take a new thread from the bottom to the head. Choose the same or a different color. Secure it on Rnd 5 between the eyes, using a small stitch. Make 2 x 2 knots directly underneath each other at the desired length. Make both antennae the same way. Alternative: use artificial stamens as antennae. ●

STROLLER RATTLE TOY

**Put a cute hedgehog and mushroom onto the stroller
and let your baby discover nature in a fun way!
The hedgehog makes happy rattling sounds
when you're out and about together.**

WHAT DO YOU NEED?

- Scheepjes Cotton 8 yarn:
  1 ball of orange (716), rust (671), brown (659), off-white (223), green (517)
- 2 mm crochet hook
- Stitch marker
- Fiberfill stuffing
- Tapestry needle
- Tapestry needle
- Black embroidery thread
- Little bell
- Red coloring pencil
- 9 Wooden beads
- Stroller clip (for attaching the hanger to the stroller)

THIS IS HOW YOU MAKE IT

The baby stroller hanger will be about 24-30 cm long. The acronym STM stands for stitch marker, yo = yarn over. You crochet the pattern in the round, so don't close the rounds unless indicated otherwise. Each round, place the STM in the 1st stitch of the round and crochet the 1st stitch always in the 1st stitch of the previous round.

sc2tog: Insert the crochet hook into the respective stitch, yo, insert into the next stitch, yo and pull the stitch through 3 loops: you've now decreased.

Large spot: Start in a space from the inside to the outside and skip 4 stitches, insert back into the next space, do this 5 x.

Medium spot: Across 3 stitches. Start in a space, skip 3 stitches, insert back into the next space, do this 4 x.

Small spot: Across 2 stitches. Start in a space, skip 2 stitches, insert back into the next space, do this 3 x.

Divide the spots/dots as you wish and create as many as you wish. You can also make more repetitions for each spot; the more stitches, the thicker the spot. Make sure that the stitches are aligned as much as possible and not on top of each other.

Start with the snout of the hedgehog.
