Make a slip knot and place it on the LH needle. Knit into this st, and slip this new st onto the LH needle p-wise. *Knit k-wise into the previous st, and place it on the LH needle p-wise. * repeat between *s until the required

number of sts are on the needle.

Weave in ends. Spray-block seam, if necessary.

ARENARIA TANK

by Knit Picks Design Team

STITCH GUIDE

This summery racerback tank is knit in the round from the lacy bottom hem up to the underarms. The front continues, a separate lace yoke is knit and attached. The neckline and armhole edges are finished with Applied I-cord.

BODY

The body begins with a lacy hem. It is worked in Stocking st from there. The neckline is shaped to match up with the collar and begins almost immediately after casting off for the armholes. The two widely-spaced sides of the neckline are worked separately from there, with neckline and armhole decreases happening simultaneously. Read both sections before beginning the armholes.

NECKLINE

Neckline Double Decrease Row:

RS: K3tog at right neckline edge, SSSK at left neckline edge.

WS: P3tog TBL at right neckline edge, P3tog at left neckline edge.

2 sts decreased at each neckline edge, 4 sts decreased on row.

Neckline Decrease Row:

RS: K2tog at right neckline edge, SSK at left neckline edge.

WS: P2tog TBL at right neckline edge, P2tog at left neckline edge.

1 st decreased at each neckline edge, 2 sts decreased on row.

On Row 9 (12, 15, 18, 20, 27, 30, 32, 33) of armhole decreases, sts are bound off at the front neck to form the neckline.

Work across front, following armhole decreases, to 5 (5, 5, 7, 7, 7, 7, 7) sts before center marker. Cast off the next 10 (10, 10, 14, 14, 14, 14, 14) sts,

removing marker. Work to the end of row, following armhole decrease instructions.

Begin Neckline decreases on the next row, and work at the same time as Armhole decreases, attaching yarn after the cast off sts and working the left and right sides simultaneously: Work a Neckline Double Decrease row every row 5 (5, 5, 9, 9, 9, 9, 9) times; work a Neckline Decrease row every row 10 (10, 10, 3, 3, 3, 3, 3, 3) times, then every other row 6 (6, 6, 7, 7, 7, 7, 7) times, then on the next 5th (5th, 5th, 3rd, 3rd, 3rd, 3rd, 3rd) row.

After all neckline and armhole decreases are complete, there should only be one stitch on each side. Cast off this stitch.

BACK

Stitches are cast off on each side of the back, curving it up towards the centre. It is then continued straight until the point at which it joins with the collar.

Place 92 (104, 116, 126, 136, 148, 160, 168, 172) Back sts back on larger needles, and attach yarn ready to begin a RS row.

Cast off the first 15 (18, 20, 22, 24, 26, 30, 32, 32) sts of the next 2 rows, then BO 7 (9, 10, 11, 12, 13, 15, 16, 16) sts at the beginning of the next 2 rows, then BO 3 (4, 5, 6, 6, 7, 7, 8, 8) sts at the beginning of the next two rows. 50 (62, 70, 78, 84, 92, 104, 112, 112) sts removed; 42 (42, 46, 48, 52, 56, 56, 56, 60) sts remain across back.

Work an Armhole Double Decrease Row every row 1 (1,

1, 1, 1, 2, 2, 2, 2) time(s), then an Armhole Decrease Row every row twice, then every other row 2 (1, 2, 2, 3, 2, 2, 3) times. 30 (32, 34, 36, 38, 38, 40, 40, 42) sts remain across the Back. Work 4 (10, 8, 3, 2, 4, 3, 4, 3) rows in St st, slipping the first st of every row.

On the next (WS) row, switch to smaller needles and begin working from Back chart, starting on row 1 and at the stitch marked for your size. Work through row 18 (18, 18, 30, 36, 42, 48, 48, 48), slipping the first st of every row.

Purl one (WS) row. Break yarn and place sts on scrap yarn or stitch holder.

COLLAR

The collar is knit in one piece, and shaped to scoop across the front neck and sit atop the lacy back.

With smaller needles, cast on 160 (176, 192, 192, 192, 208, 208, 208, 208) sts.

PM and join to work in the round, being careful not to twist sts. Begin working from Collar chart, following repeat directions for your size. After the last round of the chart, cast off all sts. Weave in ends and block collar.

ATTACH COLLAR

Centre the front of the collar and the front of the Body, matching the Collar cast-on round to the edge of the neckline. From the WS, whipstitch the Collar to the front of the Body.

As done with the front, centre the back cast-on edge of the Collar over the held sts of the Back. Using the yarn tail, graft the Back to the Collar.

FINISHING

Neckline Trim

Applied I-cord finishes and stabilizes the neckline and armholes.

Beginning at the centre back neck, work Applied I-cord around:

On a DPN, Cast on 3 sts.

*Knit two stitches and slip the third stitch knitwise.

PU and knit one stitch from the neckline edge. You will now have 4 stitches on right needle.

Use left needle tip to pass the slipped stitch over the last knitted stitch. This will leave three stitches on your

right needle. Slip these three stitches back onto the left needle tip purlwise, or slide to the other end of the needle. Tug on the working yarn to tighten up the stitches.

Repeat these steps from * around neckline.

Graft live sts to Cast on sts.

Repeat around both armholes, starting at the underarm of the body.

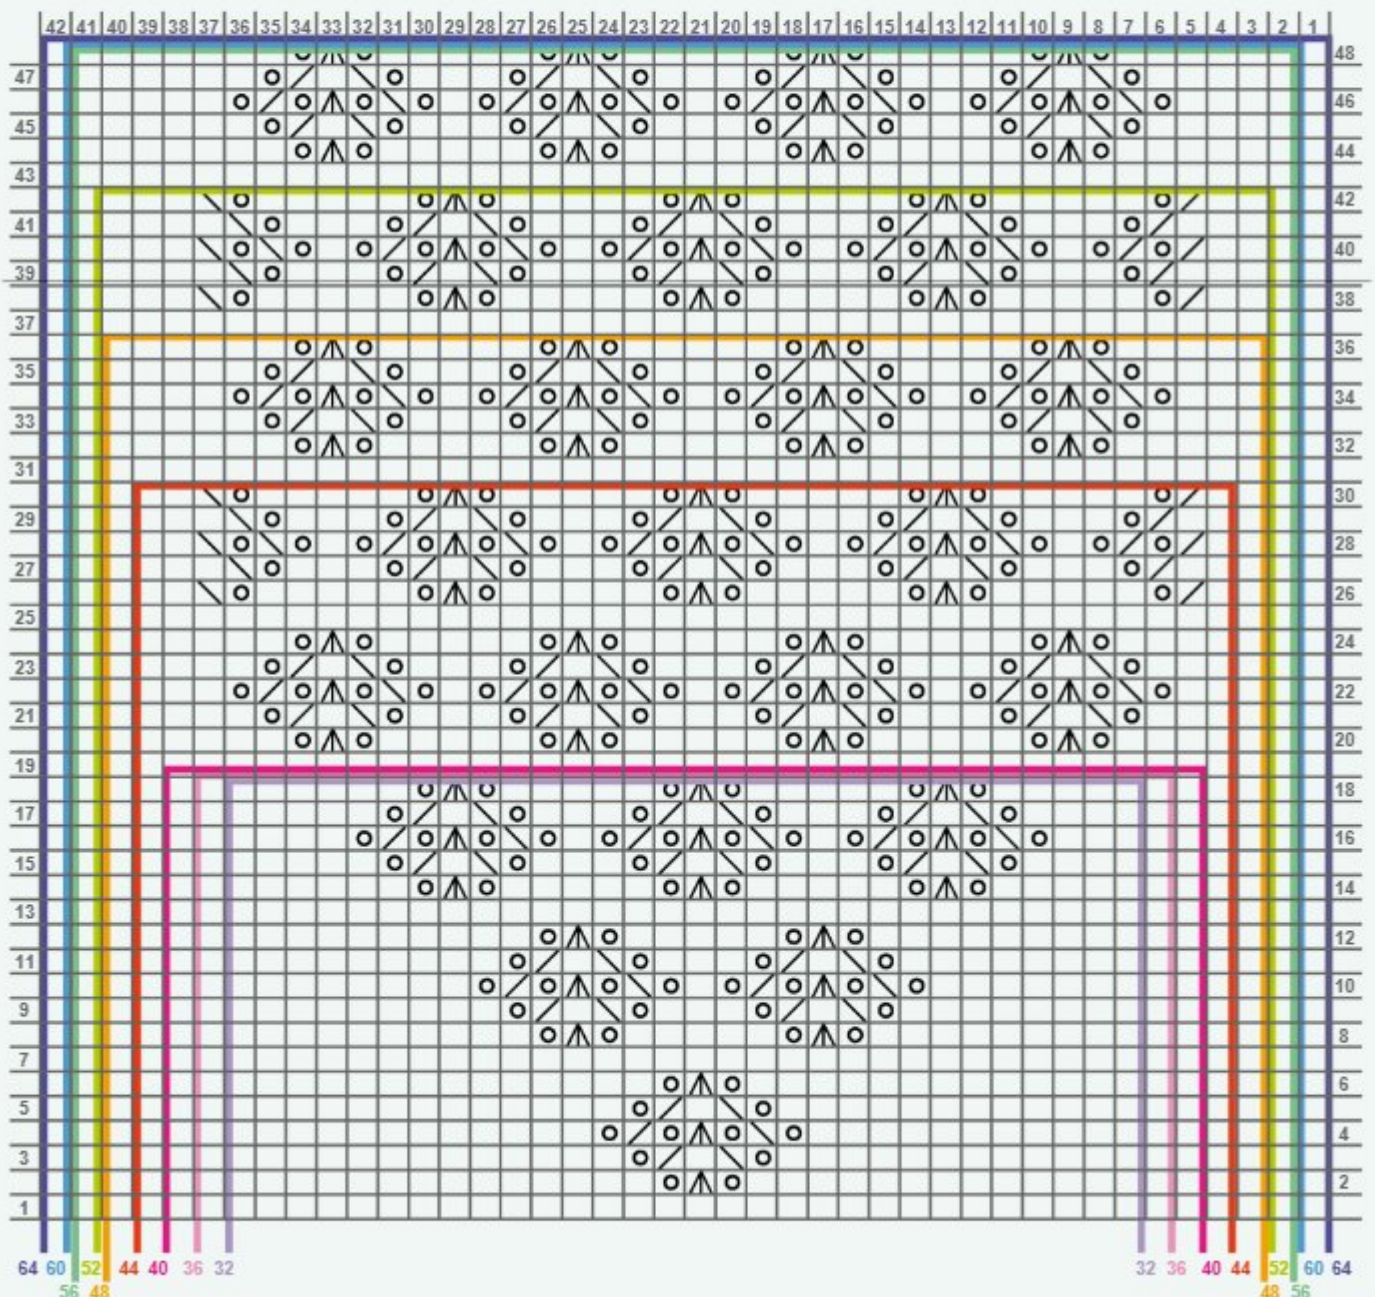

Weave in ends. Block body, smoothing neckline and I-cord.

STITCH GUIDE

Notes: All references to **Right and Left** are as worn.

Provisional Cast On (Crochet Chain method)

Using a crochet hook several sizes too big for the yarn, make a slipknot and chain for 1". Hold knitting needle in left hand. With yarn in back of the needle, work next chain st by pulling the yarn over the needle and through the chain st. Move yarn under and behind needle, and repeat for the number of sts required. Chain a few more sts off the needle, then break yarn and pull end through last chain. CO sts will be incorrectly mounted; knit into the back of these sts. To unravel (when sts need to be picked up), pull chain end out, and the chain should unravel, leaving live sts.

Join hem

Unravel Provisional CO and place sts on spare needle. Hold these sts in back of the working needle, and work across row in pattern, working one st from front needle and one from the back k-wise together as one. This is worked like a Three-Needle Cast Off, without casting off.

Three-needle Bind Off

Hold the two pieces of knitting together with the points of the needles facing to the right. Insert a third needle into the first stitch on each of

the needles k-wise, starting with the front needle. Work a knit stitch; pulling the loop through both of the stitches you've inserted the third needle through. After you've pulled the loop through, slip the first stitch off of each of the needles. This takes two stitches (one from the front needle and one from the back) and joins them to make one finished stitch on the

third needle (held in your right hand). Repeat this motion, inserting your needle into one stitch on the front and back needles, knitting them together and slipping them off of the needles. Each time you complete a second stitch, pass the first finished stitch over the second and off of the needle (as you would in a traditional cast-off).

TOP

This light boat neck top is knit in the round from the bottom up. Flutter sleeves are knit separately and sewn on; these can be omitted for a simple shell, working Applied I-cord

around the armhole openings as for the neckline for a polished finish.

SLEEVES

The sleeves begin at the lower edge. They begin with a simple eyelet edging and are subtly curved with short rows and then decreased to the top. Make two identical sleeves.

Sleeve Decreases

The sleeves are decreased slightly to the underarm. With RS facing, place locking stitch markers after 26 (26, 26, 31, 32, 36, 38, 38, 38) sts, then after every 25th (25th, 26th, 30th, 31st, 36th, 36th, 36th, 38th) st three times. These will mark the decrease points.

Row 1: Purl.

Row 2: (K to 2 sts before M, K2tog, SM) twice, (K to M, SM, SSK) twice, K to end. 4 sts decreased.

Work 39 (38, 39, 44, 49, 52, 52, 50, 52) rows in St st.

NECKLINE

On the next RS row, sts are bound off at the front neck to form the neckline. Knit 25 (29, 33, 32, 32, 35, 38, 39, 37) sts, BO the next 26 (28, 28, 32, 38, 38, 42, 44, 54) sts, then K to the end of row. At this point, the two sides

of the neckline are worked separately to the end. Turn work and P back across right shoulder. Attach yarn at the left shoulder, and cast off the next 7 (10, 10, 8, 8, 10, 12, 11, 8) sts; P to end. Turn and K across the left shoulder; cast off the first 7 (10, 10, 8, 8, 10, 12, 11, 8) sts across the right shoulder; K to end. Turn and P across the right shoulder; cast off the first 3 (4, 5, 4, 4, 5, 6, 6, 5) sts of the left shoulder, then P to end. Turn and K across left shoulder; cast off the first 3 (4, 5, 4, 4, 5, 6, 6, 5) sts of the right shoulder, then K to end. Turn and P to 2 sts before neckline edge of right shoulder; P2tog. P2tog TBL across the first 2 sts of the left shoulder. 14 (14, 17, 19, 19, 19, 21, 23) sts remaining on each shoulder.

Purl back to 5 (5, 6, 6, 6, 6, 6, 7, 7) sts before the end of the Left shoulder; W&T. K to 5 (5, 6, 6, 6, 6, 6, 7, 7) sts before the wrapped st, W&T. P to 5 (5, 6, 6, 6, 6, 6, 7, 7) sts before the wrapped st, W&T. Turn and knit across all sts, picking up wrapped sts and knitting them together with the sts they wrap. Break yarn and put shoulders on st holders or scrap yarn.

BACK

Place Back sts back on needles, and attach yarn ready to begin a RS row. Work through Armhole shaping directions as done for Front. Work 43 (42, 43, 48, 53, 56, 56, 54, 56) rows in St st. On the next RS row, sts are bound off at the front neck to form the neckline. Knit 15 (15, 18, 20, 20, 20, 20, 22, 24) sts, Cast off the next 46 (56, 58, 56, 62, 68, 78, 78, 80) sts, then K to the end of row.

Join Shoulders

Turn body inside out, and join the shoulders together using working yarn from the back and the 3-needle Bind-Off technique.

MAKING UP

Neckline Trim

Applied I-cord finished and stabilizes the neckline.

To work Applied I-cord:

On a DPN, cast on 3 sts. *Knit two stitches and slip the third stitch knitwise. PU and knit one stitch from the neckline edge. You will now have 4 stitches on right needle. Use left needle tip to pass the slipped stitch over the last knitted stitch. This will leave three stitches on right needle. Slip these three stitches back onto the left needle tip purlwise, or slide to the other end of the needle. Tug on the working yarn to tighten up the stitches. Repeat these steps from * around neckline. Weave in ends. Block body, smoothing neckline and I-cord.

SLEEVES

Weave in ends. Block both sleeves flat, pinning out eyelets and smoothing out the curve of the sleeve. Once dry, seam up the underarm sides using Mattress stitch.

Set in Sleeves

With RS facing out, set sleeves into armhole openings, making sure that the centre of each sleeve cap is placed at the shoulder seam and that the seam under the sleeve and bound off sts of the armhole are centered. Pin in place. Using yarn needle and yarn, begin at the underarm and sew sleeves into the armholes, using mattress stitch. Weave in remaining ends.

GLOSSARY

BEGINNER'S TOOL KIT

PINS

Plastic head pins are useful for checking tension and blocking out items. Pins with coloured heads are best because they do not get lost in your work.

ROW COUNTER

A row counter is helpful for keeping track of rows worked, particularly where increases, decreases or other kinds of patterning occur.

KNITTING IN ELASTIC

Elastic yarn prevents sagging in cuffs, collars and waists. You can work it in with knitting yarn on knitted or crocheted garments.

KNITTING NEEDLES

Knitting needles are made from plastic, aluminium or wood and come in varying lengths and widths. Straight needles come in pairs and doublepointed needles come in sets of four.

KNITTING BAG

A knitting bag is essential for those who like to knit 'on the go'. Not only is it a practical way to keep all your knitting paraphernalia together, it also helps keep the yarn clean and tangle-free.

CIRCULAR KNITTING NEEDLES

Circular needles have two working ends joined by a thin nylon wire. They are more balanced than straight needles and allow the weight of your work to rest in your lap.

TAPE MEASURE

A basic tape measure is essential for checking your garment measurements.

KNITTER'S NEEDLES

Knitter's needles need to have a large eye and a blunt point so they do not split stitches when sewing up your knitting.

STITCH HOLDER

A stitch holder is used to secure stitches not in use. You can also use safety pins for holding a small number of stitches.

STITCH GAUGE

A stitch gauge is a flat piece of metal or plastic with a ruler marked on one side and/or a window cut out in the centre. It allows you to mark and measure easily and accurately.

CASTING ON

Casting on is creating a row of loops on a knitting needle to form the base row for your knitting. One of the most popular methods of casting on is the cable cast on. Form a slipknot about 25cm away from the end of the yarn.

Place the slipknot on a knitting needle and pull gently to secure. Hold this needle in your left hand. Insert the right hand needle through the slip knot. Pass the yarn over the point of the right hand needle (see Diagram 1).

Pull a loop through the slip knot with the right hand needle (see Diagram 2). Place this loop on the left hand needle and gently pull the yarn to secure the stitch. For the remaining cast on stitches, insert the right hand needle between the slip knot and the first stitch on the left hand needle. Wind the yarn around the point of the right hand needle. Draw a loop through and place this loop on the left-hand needle. Continue in this manner until you have cast on the desired number of stitches.

KNIT STITCH

Once you have cast on, you then knit into the stitches you have made to form the knitted fabric. Hold the needle with the cast on stitches in your left hand, with the loose yarn at the back of your work. Insert the right hand needle from left to right through the front of the first stitch on the left hand needle (see Diagram 1). Wind the yarn from left to right over the point of the right hand needle (see Diagram 2). Draw the

yarn through the stitch to form a new stitch on the right hand needle. Slip the original stitch off the left hand needle, keeping the new stitch on the right hand needle. To knit a row, repeat these steps until all the stitches have been transferred from the left hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

PURL STITCH

The purl stitch is basically the reverse of the knit stitch. Hold the needle with the stitches on in your left hand, with the loose yarn at the front of your work. Insert the right hand needle from right to left into the front of the first stitch on the left hand needle (see Diagram 1). Wind the yarn from right to left over the point of the right hand needle (see Diagram 2). Draw the yarn through the

stitch to form a new stitch on the right hand needle. Slip the original stitch off the left hand needle, keeping the new stitch on the right hand needle. To purl a row, repeat these steps until all the stitches have been transferred from the left hand needle to the right hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

CASTING OFF

KNITWISE

Knit two stitches. Use the point of the left hand needle to lift the first stitch on the right hand needle over the second, and drop it off the needle. Knit the next stitch on the left hand needle so that there are two stitches on the right hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left hand needle and only one stitch remains on the right hand needle. Cut the yarn, leaving a tail and thread the yarn through the loop and pull it firmly to fasten off.

PURLWISE

Purl two stitches. Use the point of the left hand needle to lift the first stitch on the right hand needle over the second, and drop it off the needle. Purl the next stitch on the left hand needle so that there are two stitches on the right hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left hand needle and only one stitch remains on the right hand needle. Secure this last stitch as described in casting off knitwise.

SUBSTITUTING YARNS

If you substitute or spin a yarn for a project, you can compare the weight of the yarn to the project yarn by comparing wraps per inch. Wrap your yarn around a ruler for one inch and count the number of wraps. If you have more wraps per inch than the project yarn, your yarn is too thin; if you have fewer wraps per inch than the project yarn, your yarn is too thick.

KNITTING TENSION

Checking your knitting tension, that is, the tightness or looseness of your knitting, is important. To check your tension, cast on 30 stitches using the recommended needle size. Work in the pattern until your work measures 10cm from the cast on edge then cast off. You now have a "swatch". Measure your tension by placing a ruler over your swatch and counting the number of stitches

across and rows down (including fractions of stitches and rows) in 10cm. Repeat these measurements two to three times on a different parts of the swatch to check your measurements. If you have more stitches and rows than called for in the instructions, you should use larger needles; if you have fewer, use smaller needles. Check your tension again before starting your project.

PROVISIONAL CAST ON (INVISIBLE CAST ON)

Place a loose slipknot on the needle in your right hand. Hold the waste yarn next to the slipknot and around your left thumb. Hold your working yarn over your left index finger.

*Bring the needle forward under the waste yarn, over the working yarn, grab a loop of working yarn (Diagram

1), then bring the needle to the front, over both yarns, and grab a second loop (Diagram 2). Repeat from * until you have the desired number of stitches on your needle. When you're ready to work in the opposite direction, pick out the waste yarn to expose the live stitches.

Diagram 2

BACKSTITCH

This is the stitch most commonly used for joining knitted garments. With the right sides of your work together, pin the knitted fabric together with the edges even. The seam should be sewn one full stitch from the end of the row. One stitch should be worked over every row. Thread the yarn needle. Insert the needle through both layers and sew two stitches to the left then one stitch back to the right. Keep stitches at an even distance. Continue working from right to left in this circular motion. (Diagram 1)

TASSELS

Cut yarn twice the length of your desired tassel plus a bit extra for the knot. According to the desired thickness of the tassel, select a number of lengths of yarn. Fold the lengths of yarn in half over a crochet hook. On the wrong side, insert the crochet hook from the front to the back through the edge of the work. Grab the yarn and pull through and tighten. Trim the ends to the same length.

KNOTTED FRINGE

After working a tassel, take one half of the strands from each tassel and knot them with half the strands from the neighbouring tassel. Trim.

CROCHET CHAIN

Make a slip knot on your hook. Pass the yarn over the hook and catch it with the hook and draw it through the loop on the hook. Repeat, drawing yarn through the last loop formed.

DOUBLE CROCHET (DC) (US SINGLE CROCHET SC)

Insert the hook through the top two loops of a stitch. Pass the yarn over the hook and draw up a loop so that you have two loops on the hook (Diagram 1). Pass the yarn over the hook and draw through both loops on the hook (Diagram 2). Continue in the same way, inserting the hook into each stitch (Diagram 3).

HALF TREBLE CROCHET (HTR) (US HALF DOUBLE CROCHET HDC)

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that there are three loops on the hook (Diagram 2). Draw through all three loops on the hook (Diagram 3).

TREBLE CROCHET (TR) (US DOUBLE CROCHET DC)

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that you have three loops on the hook (Diagram 2). Pass the yarn over the hook and draw it through the first two loops on the hook, pass the yarn over the hook and draw through the remaining two loops. Continue in the same way, inserting the hook into each stitch (Diagram 3).

SLIP STITCH CROCHET (SL ST)

Insert your hook into the stitch. Yarn over the hook and draw the loop through the stitch and loop onto the hook.

I-CORD

With double pointed needles, cast on the desired number of stitches. *Without turning the needle, slide the stitches to the other end of the needle, pull the yarn around the back and knit the stitches as usual. Repeat from * until your work measures the desired length

PICKING UP DROPPED STITCHES

A dropped stitch can be picked up using a crochet hook and don't be put off by stitches that have unraveled several rows down into the work. To pick up knit stitches, insert the crochet hook into the dropped stitch, draw through the bar lying above the dropped stitch and pull it through the loop of the dropped stitch.
